

Participate London Manifesto

What we believe:

Participate London is passionate about,

- Increasing audience awareness of London arts venues and their programmes
- Audience engagement across every art form
- Helping young people find what they're looking for
- Learning by doing; developing arts professionals in the early stages of their careers
- Superior customer service, fostering a spirit of generosity and collaboration
- Everyone's right to Participate!

What we do:

How we do it:

Participate London does not retain a permanent staff of project managers, officers and administrators. Instead we have a pool of wonderful freelance arts workers who join us for projects to suit their experience and our clients' needs. Everyone is carefully recruited and fully supported in their professional development by our 3 directors who lead the projects we develop with clients to ensure high quality outputs and clear communication.
